**Questions? Contact ASA—Jonathan Frias**  
**[Clinics@AmericanSoccerAcademy.Net](mailto:Clinics@AmericanSoccerAcademy.Net) or (301) 695-4625**

**Grades K-2: “First Touches to Success”:** For increased development time, students will learn soccer skills through American Soccer Academy’s developmentally appropriate “Adventure Soccer” curriculum which reinforces the basics of the game while always having a ball at their feet. American Soccer Academy’s licensed and screened professional trainers will dynamically present the arts of dribbling, passing, and shooting in a SAFE and FUN environment conducive to learning.

**Grades 3-6: “Essentials to Advancement”:** Students will explore the more advanced aspects of the beautiful game through small-sided activities allowing players of all levels and abilities to embrace the tactical facets of the sport while still getting many touches on the ball. American Soccer Academy’s professionally licensed trainers will introduce concepts like developing first touch, effective passing, and purposeful dribbling with a very strong emphasis on FUN.

**All staff are licensed professional soccer coaches, with extensive coaching and playing experience.**

## Oak Hill Elementary — After School Soccer Skills Clinics

### **How do I register my son/daughter for the upcoming season?**

You only need to make one account on the website, and you can continue to use that account for both future registrations and for more children ! Go to [www.AmericanSoccerAcademy.Net](http://www.AmericanSoccerAcademy.Net)

Click on the “REGISTER” button that is located in the upper RIGHT hand corner of the home screen. Once you have created your account, click on the “Register Now” button.

This will bring up a list of all available programs for each participant in your account. Place a check mark in the box next to the program you wish to select and click next to proceed with registration.

Fill in all required fields and select your desired method of payment once you reach the checkout screen.
