Make-ups and Cancellation policy:

What does my child need to bring to sailing lessons?

- Bathing suit, t-shirt, rash top.
- Life jacket that fits correctly (this will be tested on the first day of lessons)
- Close-toed shoes- sailing/water shoes or anything that can get wet and covers your child's toes.
- Towel, sunscreen, hat, sunglasses.
- All personal sailing gear should be labeled with the sailor's name in permanent marker. Write the child's name on the outside of the life jacket to allow for easy identification if it is lost.

Swim Test: your child must pass a swim test before they can take any sailing lessons. You can practice with your child before lessons begin.

Swim test procedure:

- Jump into the water (pool or bay) with a life jacket and shoes on. Float with their life jacket.
- Swim to the other end and float with a life jacket on for about 30 seconds.
- Students will take off their life jackets in the water and tread water for about 1 minute.
- Sailors will swim about 15 yds down and back without a life jacket.

- Sailors will then put their lifejacket back on while in the water.

Parents are not permitted to be in the immediate vicinity of the lesson while lessons are being conducted:

- Children under 12 must have an adult on club grounds during the lesson.
- Drop your child off at the Andon Graham Sailing Center for their lesson.
- When the students prepare their boats to go sailing, please allow the instructors to teach them how to set up the boats.
- We understand you may want to help, but the sailors need to learn and be able to do it by themselves. The staff will teach them during the first week of lessons.
- Please be on time to drop off and pick up your child. If you or your child will be late or picked up early, please give us a written note and remind us that day.

Boat Substitutions:

- A different sailboat may be used for lessons at the instructor's discretion.

Class Descriptions

MINNOWS (Ages 5-6)

This class is a great introduction for our youngest sailors and to get them familiar with what it is like to be on a sailboat. Children will have an instructor with them at all times. We want our youngest sailors to become relaxed on sailboats while on the bay. Sailors will be introduced to basic boat safety while learning basic sailing terms and, most importantly, having fun!

Fee: \$200 per session per child.

Schedule: Friday mornings from 9:00 - 10:00am and 10:00 - 11:00 am.

Adventure Sailing Lessons (ages 9 ½ + years old)

This class perfectly combines more advanced sailing skills with leisure sailing while exploring Moriches Bay. Adventure Sail puts emphasis on teaching the kids how to sail, anchor, and prepare the boat for their excursions. While sailing to their destination, sailors will be taught advanced sailing skills such as navigation, currents, and sailing tactics. Destination sails will be common in this class, as students will often sail to beaches, islands, sandbars, and other locations the bay has to offer.

Parents should understand that by signing up for this class, students will be allowed to sail to a destination and swim/explore while they are there (ie: Pikes beach). The type of boat sailed in may vary, although it will prominently be in JY's or Flying Scots.

- Prerequisite: JYI or JY II lessons.
- Fee: \$450 per session, per child.
