

U6 Responsibility Activity

“Clean Your Yard”

Divide team into two teams. Each team goes to a half. Use an odd number of balls, like 5. The objective of the game is to strike the ball into the other team's yard. Each team wants to have a clean yard when time is called by the coach. The team that has the fewest balls on their side when time is called gets a point. Play to a certain amount of points or for time.

Applying The Activity

Ask the following two questions:

“Do you help your parents keep your yard clean”?

“Why is it important to keep our yard, house and room clean”?
