

BEECHMONT SOCCER CLUB

Welcome To Beechmont Soccer Club!

The Beechmont Soccer Club Board of Directors would like to thank you for choosing our organization to provide select soccer opportunities for you and your family. BSC has extensive resources that are available to players of every ability and commitment level. We believe you will find our club to be a great place for you to grow as a soccer player.

We would especially like to thank all of the returning players, coaches and parents. We appreciate all that you have done to help us achieve dramatic growth and progress in our club over the last several years.

BSC has a long standing history and reputation at the local, state and national levels of youth soccer. BSC was formed in 1982 and has always provided competitive, select soccer at a reasonable cost. We are a member of Buckeye Premier, Cincinnati United Soccer League, Ohio South Youth Soccer and US Youth Soccer Association. Please refer to www.beechmontsoccerclub.com for additional information.

BSC provides professional goalkeeper training, skill training and team training to our players. Members of our training staff are licensed by the NSCAA and USSF and have extensive experience playing soccer, which allows them to demonstrate soccer skills as part of their coaching/training sessions. We feel that these distinctions are important and give our trainers immediate credibility with the players.

The coaches at BSC are provided with periodic coaching clinics and are required to obtain age-appropriate coaching licenses. All of the coaches and trainers with our club are cleared by the Ohio Youth Soccer Administration to work with youth soccer players. The coaches are also given the opportunity to review match/team evaluations from the Director of Coaching and Player Development as an additional resource.

Player development is the foundation of our philosophy and is based on four important tenets: skill training, knowledge of the game (including rules and regulations), team play/tactical training and playing time. These objectives should always be sought within an environment that is not only competitive, but also fun for players. BSC believes that competition, development and fun can be achieved together to enhance a player's personal development.

Regardless of ability, our top priority is helping players reach their highest competitive potential. We seek to provide a positive, nurturing—yet challenging—environment. We believe that the development of character, teamwork, and fair play are of utmost importance.

Good luck in the upcoming season. We hope you enjoy the experience!
