Kevin brings more than 20 years of high-level coaching experience to WFC Rangers. Before joining the Rangers coaching staff 10 years ago, Kevin coached the men's and women's teams at Western Washington University. During his tenure with the Vikings, Kevin coached NAIA district and regional championship teams in 1989 and 1999. For his efforts at WWU, Kevin was named NAIA Coach of the Year in 1989. Kevin, who holds the United States Soccer Federation's 'C' national license, also was a four-year letter-winner at Western. Kevin has coached at least three current members of the WFC Rangers coaching staff, including Drew Smiley at WWU, and Sean Connor and Eric Seck with WFC Rangers. "Players need to love the game and become dedicated to the requirements for advancement if they choose to excel," Kevin says. "A dedicated work ethic focused on improvement, positive and respectful personality, the ability to make teammates better, and becoming a fan of the game are all traits that players must have to become the best they can be."
