

# ICE WINTER ACADEMY

## FOR ALL U9 (2011 Birthyear) PLAYERS

Colorado Ice is continuing its successful ICE Advanced Academy this year by offering an 8 week session over the winter. This Academy is being offered for those players looking for more instruction and skills training. The Winter Academy will feature top licensed professional trainers. Players will improve their individual skills, shooting, receiving, and defending. There will also be 1v1, 2v2 and 3v3 work. The Colorado Ice Winter Academy is a must for all U9 players looking to take their game to the next level.

The Academy will be capped at 30 players for boys and 30 players for girls so be sure to register ASAP. We will take the first 30 registrations that we receive with payment in full.

**Registration** is online: [www.coloradoice.org](http://www.coloradoice.org)

Click on the Register Now – Ice Winter Academy button on the right side of the home page
