

Why Small-Sided Games?

US Youth Soccer has thought long and hard about the answer to the question, "Why Small-Sided Games?"

What does "Small-Sided Games" mean? These are soccer games with fewer players competing on a smaller sized field. These are fun games that involve the players more because fewer players are sharing one ball.

All ages can play "Small Sided Games", but it has a definite developmental impact on our younger soccer players. US Youth Soccer recommendations for "number of players" at the various age groups are as follows:

U6 | 3 against 3 no goal keepers

U8 | 4 against 4 no goal keepers

U10 | 6 against 6 with goal keepers

U12 | 8 against 8 with goal keepers

U13+ | 11 against 11 with goal keepers

Here are some of the reasons why we believe, as soccer coaches, administrators and parents must guarantee that our young soccer players play small-sided games:

- 1. Because we want our young soccer players to touch the soccer ball more often and become *more skillful* with it! (Individual technical development)
- 2. Because we want our young soccer players to make *more*, *less-complicated decisions* during the game! (Tactical development)
- 3. Because we want our young soccer players to be more physically *efficient* in the field space they are playing in! (Reduced field size)
- 4. Because we want our young soccer players to have more *individual teaching time* with the coach! Less players on the field and less players on the team will guarantee this! (Need to feel worthy and need to feel important)
- 5. Because we want our young soccer players to have *more, involved playing time* in the game! (More opportunity to solve problems that only the game presents)
- 6. Because we want our young soccer players to have *more opportunity to play on* **both sides of the ball!** (More exposure to attacking and defending situations)
- 7. Because we want our young soccer players to have *more opportunities to score goals!* (Pure excitement)

These are the reasons why we adults must foster "Small-Sided Games" in our youth soccer programs. The "Small-Sided" environment is a *developmentally appropriate environment* for our young soccer players. It's a **FUN** environment that *focuses on the young soccer player.*

It just makes sense doesn't it?
