

Player Statistics

Record goals, scores, pitch counts, and more after each match takes place! Sport specific player stats are here!

*Note: Only those with Scheduler - Admin, Scores - Admin, or Club Admin roles will be able to update and post scores on the site - not coaches. Statistics shown will be determined by the Activity Type for the program selected in Step 1 of creating your Program.

Steps to Update Player Stats:

1. Go to **Schedules >> Scores**.
2. Select the Program, Division, and Scheduling Event from the drop down menus. Put a checkmark in the 'Include Matches Between External Teams' box if you have external teams in your selected scheduling group.
