Prior revision dates: UNKNOWN

Twin County Soccer Association (TCSA), with this policy statement establishes guidelines for the use and approval of secondary player passes for our teams.

TCSA does not and will not create a policy with a blanket authorization or denial of secondary player passes.

It is our position that secondary player passes should only be used when it offers an opportunity for individual player development to be realized. Approval will only be considered when it creates a developmental opportunity for the player that does not exist in the club itself via “club-passing” of players to a different team.

Secondary player passes should never be used to fill player personnel voids on teams or to gain competitive advantage for either the loaning team or the accepting team.

All secondary player passes will be evaluated by the entire executive board and voted on a case-by-case basis for either approval or denial.

In minimum of 30 days notice must be provided to the board with the following information provided by the TCSA team involved secondary player pass request:

When Twin County will be the secondary club...

A. Requesting Twin County team provides:

1. Player's Primary Club/Team
2. Player's Primary Club/Team level (league & flight)
3. Player's Primary Club/Team Coach info (name, cell#, email)
4. Player's Name, position, birth year
5. Player's Parent contact info (name, cell#, email)
6. Reason / Need for the player
7. Please give background as to who initiated the request (parent or coach), your feelings on the request as a coach, as well as any other data that can be helpful to the board.

B. Board reviews information, investigates and decides.
