

**Football is a “community” sport. Even if you don’t know a thing about football, there are plenty of things that you can do to help.**

Coaching a youth sports team can be a tremendously rewarding experience, giving you the opportunity to help young players learn the game of football in a fun and safe environment. The bond created by a parent coaching their child is one that will be cherished and remembered for years to come.

**No prior coaching experience necessary – as a TYFL Coach, you will be given all the resources and support you need. From play cards to on field support, we will help you succeed.**
