Pool Play

2023 Rule Book, under Selection of Players.

(c) Alternate method of operation: To aid leagues that are having a difficult time getting enough players for their regular season teams the following option is available:

A pool of players from existing regular season teams can be created with players that are willing to participate in extra games during the regular season when teams face a shortage of rostered players for a regular season game.

Guidelines:

1. The League's Player Agent will create and run the pool. The League's Player Agent will use the pool to assign players to teams that are short of players on a rotating basis.
2. Managers and/or coaches will not have the right to randomly pick and choose players from the pool.
3. Players used from the pool will not be allowed to pitch, except during the player's own regular season scheduled games.
4. Pool players that are called and show up at a game site must play at least nine consecutive defensive outs and bat once.

District 44 Recommendations for Pool Players in Juniors:

Players who volunteer to be Pool Players, will be listed by the manager, this list will be sent to the League's Player Agent, and the District Staff (Dan Green). When a team expects 10 or fewer players, the manager should call his Player Agent to request enough players so he can arrive at the game with 10 or 11 players. The Player Agent will email the District Staff (Dan Green) with the name, game info, date, etc, of each use of a pool player(s).

Standings/TOC:

Juniors: All teams qualify for the TOC

Standings will be based on the highest number of games played.

Seniors: All teams qualify for TOC
