

We Need Your Help to Make the Dream of Having Lights on the Baseball and Softball Fields at the Complex on US 23 North a Reality! Can You Step Up to the Plate to Help?

AHSSL is working hard to make the dream of having lights on our softball and baseball fields a reality. Current plans have construction of the infrastructure for the project set to begin late summer or early fall of this year (2023). We have been able to set aside money from previous raffle ticket sales, are applying for grants and are exploring other avenues. However, as part of our fundraising efforts, we are seeking donations from our community. Family legacy and business donations made at the suggested levels below will receive lasting recognition at the Complex on US 23 N. Your donation is tax deductible and will make an impact for the future of youth baseball and softball and our community as a whole.

Having lights on the fields not only enhances the experience for our enrolled players and their families but increases the number of game times we are able to schedule and opens up more opportunities for Little League sanctioned tournaments. The space would also be available for other travel ball tournaments and community events. We hope you can help invest in the future of Alpena baseball and softball. Adding lights to these fields will not only grow the sports but comes with the added bonus of infusing more tourism dollars into our local economy.
