Sponsorship Packages

Calaveras Softball League (CSL), formerly known as Valley Springs Softball League is a non-profit organization dedicated to providing a positive recreational softball program for the young women of our community. CSL focuses on skill development, sportsmanship, leadership and integrity. We rely heavily on sponsor support to continue to bring a quality softball program to our players and your sponsorship goes a long way in reducing the overall cost of our program, making it affordable to more girls in our community. Field rental fees, softball equipment and umpire fees add up quickly; our organization can only achieve its goals with the support of our sponsors!
