

TRAINING FACILITY UCI

This 12-acre field of well-manicured Bermuda grass, is the training facility for both the Men's & Women's Development Academy and Reserve team soccer programs. It has become one of the finest youth soccer facilities on the West Coast. Additionally, the venue has served as a training facility for the NFL's LA Rams, MLS's Toronto FC, Real Salt Lake and US Men's National Teams.

The Pateadores Academy Program is proud to call UC Irvine our home.
